CAREER OBJECTIVE

Motivated fresher with strong foundational knowledge in MERN stack development, aiming to leverage project experience in e-commerce and portfolio websites to create efficient, scalable, and user-friendly web applications. Looking forward to contributing to a forward-thinking company and growing as a full-stack developer.

SKILLS

Frontend: React.js, HTML, CSS, Bootstrap, Material-UI (MUI)

Backend: Node.js, Express.js.

Database: MongoDB, Mongoose.

Tools: Git, Nodemon, Visual Studio Code.

Additional: RESTful APIs, CRUD Operations, User Authentication, Responsive Design.

PROJECTS

Fashion Forward E-Commerce website

Technologies used: MERN Stack (MongoDB, Express, React, Node)

Features:

- Developed a responsive e-commerce site with product listings, user authentication, shopping cart, and checkout features.
- Created an admin panel for product management and order tracking.
- Designed a React frontend with a secure backend using Express and MongoDB.

Output: <https://forever-frontend-black.vercel.app/>

Portfolio Website

Technologies: HTML, CSS, JavaScript, React

- Developed a personal portfolio website showcasing projects, skills, and contact information.
- Implemented responsive design and smooth navigation to enhance user experience.
